

# A Colorful Life

by Meredith Waggoner & Casey Taylor

## VERSE

When I'm feeling sad, yea I'm feelin' blue  
God listens to my feelings  
And He fills them with truth

When I'm green with envy, Yea it's jealousy  
God's always reminds me  
That He gives good things

So if it's blue or green  
Or anything between **(2x)**

## CHORUS

If it's purple, red, green  
It doesn't really matter  
If you lose yourself

He'll be there when you splatter  
If you open the door  
He'll give you more  
With God we live a colorful life

## VERSE

Did you know that you can pray  
Just to say yellow  
I read it in the Bible and it told me so

If I'm feelin' angry, yea I'm seeing red  
I ask God for His peace  
And it clears my head

So if it's yellow or red  
I choose His way instead **(2x)**

## BRIDGE

Through every colorful kind of emotion  
Red, green, yellow or blue  
I can always depend on, I can always count on you

To meet me where I am, Lord  
With kindness and with truth  
You're always there through red, green, yellow or blue
