

Praise Party

by Meredith Waggoner & Casey Taylor

VERSE (2x)

The crowd is wondering
They're wondering what's up (ooh)
"What is this music... the joy you sing of?"

We're lifting up our Savior
Our Savior, He's the One who's worth our praise
He's conquered, He's conquered and He's won

CHORUS

And so we clap our hands
And stop our feet
Take this party out to the streets

And then we move and groove
Cause we feel so free
This is the Spirit of God in me

VERSE

The crowd is clapping
They're clapping with us (ooh)
Our joy's contagious, we can't say enough

For what He's done
Provider, Protector, Holy One
And what He's done
He's conquered, He's conquered and He's won

VERSE

The crowd is dancing
They're dancing along (ooh)
They've caught the beat as we're singing our songs

Now they can see, believe that
Believe that He's the One
In Him they're free
He's conquered, He's conquered and He's won

BRIDGE (3x)

We, we celebrate, appreciate
All God has done for us

We, we celebrate, appreciate
He gave His only Son
